

## INSTRUCTIONS TO AUTHORS

### Scope

The *Acta Cardiologica Sinica* is an official Journal of the Taiwan Society of Cardiology. It is a peer reviewed journal and aims to publish highest quality material, both clinical and scientific, on all aspects of Cardiovascular Medicine. It is published quarterly.

### Article Categories

Review Articles, Original Articles, Brief Reports, Case Reports, Letters to the Editor, Editorial Comments. Please look into each category for specific requirements and manuscript preparation.

### Manuscript Preparation: General Guidelines

Articles which have been published or submitted for publication elsewhere will not be published. The Taiwan Society of Cardiology reserves copyright and renewal on all material published. Permission is required from the copyright holder if an author chooses to include in their submission to *Acta Cardiologica Sinica* any tables, illustrations or other images that have been previously published elsewhere. Copy of the letter of permission should be included with the manuscript at the time of submission.

Manuscripts should conform to the Uniform Requirements for Manuscripts Submitted to Biomedical Journals (*N Engl J Med* 1997;336:309–15). Text should be double-spaced throughout. The Title page, Abstract, Body Text, Acknowledgments, References, Legends, Tables and Figures should appear in that order on separate sheets of paper. Define all abbreviations at first appearance, and avoid their use in the title and abstract. Use generic names of drugs.

### Covering Letter

The main author should write a covering letter requesting the publication of the manuscript and assuring that the other authors have read the manuscript and agree to its submission. The editorial board reserves the right to confirm this in case it needs to.

### Title Page

The title page should include a Title, full names and affiliations of all authors, and an address, telephone number, facsimile number and E-mail address for correspondence. Acknowledgment of grant support should be cited. A short Running Title (40 characters or less) should be provided.

### Abstract

Abstract should briefly describe Purpose or Background, Methods, Results and Conclusions, in no more than 250 words.

### Body Text

The text of Original Articles should be divided into Introduction, Materials and Methods, Results and Discussion sections. Other article types may use other formats as described in specific guidelines against each category of manuscript below. Acknowledgments are typed at the end of the text before references.

### References

References are cited numerically in the text and in superscript. They should be numbered consecutively in the order in which they appear. References should quote the last name followed by the initials of the author(s). For less than four authors provide all names; for more than four, list the first three authors' names followed by "et al.". List specific page numbers for all book references. Refer to Index Medicus for journal titles and abbreviations. Examples are provided below. Authors are responsible for the accuracy of the citation information that they submit.
