Join us in Melbourne for the **World Congress of Cardiology 2014** ([www.worldcardiocongress.org](http://www.worldcardiocongress.org)), THE global platform to share knowledge and learn about the latest developments in science and public policy in the field of cardiovascular health.

The congress will convene thousands of cardiologists and experts in heart health and many of the world's most influential speakers on those topics such as **Sidney Smith, Salim Yusuf, Elliott Antman, Srinath Reddy, Huo Yong, John Camm, Gregory Lip, Dong Zhao, Hu Dayi and Dorairaj Prabhakaran** will participate.

Check out the **online programme** ( [www.worldheart.org/wccprogramme](http://www.worldheart.org/wccprogramme) ): WCC scientific programme covers a broad range of topics in clinical science, basic science, and health promotion, including the latest developments in cardiology. There are over 200 sessions to choose from, where you can hear a keynote address by Marc Pfeffer on left ventricular remodeling; a debate on whether the current guidelines to reduce sodium to <2300mgs are justifiable and feasible; or a session on the treatment and control of hypertension.
